Bringing Business Partners Together to Build Homes

“If you want to lift yourself up, lift up someone else.”
-Booker T. Washington

Partner Build is a partnership between Northwoods Habitat for Humanity, businesses, and other community-based organizations, working alongside a future homeowner to build and fund a safe, affordable home. By promoting and embracing unity and a shared commitment to serve, Partner Build provides a tangible opportunity to give back to our community.

Northwoods Habitat for Humanity is committed to making affordable housing a reality for families in Beltrami and Clearwater Counties. According to a recent study by Beltrami County, over 1000 affordable housing units are needed to alleviate the shortage in our community.

By partnering with us, you can help us close that gap, and help future homeowners build strength, stability and self-reliance through shelter. Home ownership will make a huge positive impact for these families, and we need your partnership to make it happen.

Our Impact:

Families served since 1990: 192

Homes sold to families: 60

A Brush with Kindness Projects: 84

Guatemala (Tithe): 48

Mission Statement:

Building simple, decent, affordable homes in partnership with God's people in need in Beltrami and Clearwater Counties.
